Section I: The Basis Of The Self Discovery Map

Clapsell Self Discovery Map (SDM) is based on the 5S Framework. It combines the proprietary software algorithms and Artificial Intelligence (AI) with the ancient wisdom known as Jyotish (translated as “science of light”) to offer a personalized, practical, and empowering tool to help you unleash your true potential.

5S Framework

The 5S Framework, as introduced in the book *You Are The Source*, recognizes that all things in the universe, living and nonliving, manifested and non-manifested, are vibrating. That everything including a human life form represents a specific vibratory pattern. The personalized SDM plots the vibratory pattern of your life form and describes how this pattern manifests across key dimensions of your life journey.

The 5S Framework describes the following five S's enabling you to objectively learn about your existence as a human life form. (Reference: [You Are The Source by A. Kanish](#))

- Source - Know who the real you is and what is your intent
- Seed - Discover your mind and learn what all it constructs
- Soil - Find out how the universe brings what your mind constructs
- Season - Learn about the unfolding seasons of your life journey
- Sowing - Master simple practices bringing you more freedom and joy

The 5S Framework recognizes that you, in essence, are the Awareness, also referred as the Source. You can use the Awareness to either a) give rise to a thought or b) to become aware of a thought or a thing. The 5S Framework states that your intent to experience yourself is present in everything that exists in the universe - thoughts and material things.

So when you use the Awareness to give rise to a thought, you are essentially constructing a specific pattern of the Awareness and that pattern of Awareness has an intent to experience itself. Each pattern experiences itself through a matching vibrating pattern represented by the manifested things of the universe.

As you continue to create vibrating patterns through thinking, the process referred to as Sowing, this collection of thoughts becomes a Seed. And every Seed seeks to experience itself through a life form that represents a matching vibratory pattern of that Seed. The 5S Framework refers to this matching vibratory pattern available to a Seed through a life form as the Soil. Remember, every Seed seeks an experience of itself through a Soil.

The 5S Framework confirms that, in your life journey, you are experiencing a specific vibratory pattern, or Soil as represented by your life form. And the pattern or the Soil of your life form continues to unfold itself through definite time periods in your life journey, referred to as the Seasons. The fascinating thing is that we can learn about this pattern or the Soil of a life form unfolding across nine distinct Seasons.

A life-form is declared born when a body (a form) acquires its own breath (a life). To learn about the Soil that a life form represents, we plot and study the spatial arrangement of the nearby celestial bodies and the constellations across which they travel or appear to travel at the place-time of birth of the life form. Simply put, the snapshot of the cosmos at the time and place when a life-form takes its first breath reveals the pattern represented by the life form.

The SDM software maps this snapshot of the cosmos to different dimensions of a human existence.

What Exactly You Learn From SDM

From this personalized Self Discovery Map, you will learn how the vibratory pattern (the Soil) of your life form manifests across key planes of your existence. This pattern or the Soil in essence represents a set of resources that become available to you for different pursuits in your life journey. You will also learn that this pattern unfolds itself through various characters and themes across well-defined time periods i.e. the Seasons.

Among other things, the SDM enables you to objectively validate whatever you may already know about yourself. It helps you identify or validate your innate needs, key motivations, dominant passions, primary tendencies, etc. It also lists your strengths toward pursuing a career along with the key contemporary career paths that are in alignment with those strengths. The SDM also lists the key characters and prominent themes of the specific time periods of your life-journey.

The purpose of this Self Discovery Map, therefore, is to empower you with the insightful information about your own life journey so that you can:

- Bring deeper alignment of your actions and efforts with your own unique self to experience joy and well being.
- Make personal and professional choices based on your innate gifts and talents to achieve true success.
- Gain clarity about your dominant tendencies, key motives, and primary passions to live a meaningful and fulfilled life.

Section II: Personalized Self Discovery Map

As you study this personalized SDM to deepen your understanding of different dimensions of yourself, just know this: As a human being you are unique and special. Even if you share the same Soil with anyone out there, there is no copy of you in this universe - never was and never will be. The universe including your life form exists so that you can express and experience yourself by playing with the Awareness that you in essence are. Therefore, trust in the inherent goodness of all that exists without judging things as good or bad.

With that, we wish and hope that you use this Self Discovery Map to celebrate, inspire, and empower yourself.

1. SOIL

This section entails how the Soil of your life form manifests across the four key planes of your existence. As per the 5S Framework, the four key planes of our human existence are - self-plane, mental-plane, physical-plane, and presentation-plane. As you learn about the Soil resources manifesting across these four planes, keep in mind that these resources do not operate in isolation. Rather, your Soil pattern interplays with other factors such as the genetic pattern of your physical form and external factors such as family, social, cultural, environmental, etc., bringing a very unique manifestation of the Soil for your life journey across these planes.

It is also vital for you to appreciate that this exercise of learning about yourself can only serve you well if you also use the Awareness to become aware and thereby exercise choice in each moment as to how you express the set of resources you got. In other words, acquiring self-knowledge by learning about your Soil without cultivating the freedom to command that Soil has a limited benefit. Keeping that in mind, let's now learn about your Soil.

Key-Themes of Soil		
Energy	Healing	History
Courage	Independence	Secrecy
Nourishment		

1.1. SELF-PLANE

The Soil resources on this plane determine what motivates you deep down and gives you a sense of self.

Imagine an onion. It has multiple layers. After you have peeled each layer, you eventually get to see the core of the onion. Similarly, the self-plane is the core layer of your human existence. The vibratory resources of the Soil manifesting on this plane reveal what gives you a sense of self, an identity, a deeper motivation.

As this plane represents your innermost self, you don't directly present this self to the world. It's hidden from others. Only you know about this self through your key motivations, core passions, and innate urges. On this plane, the resources of your Soil offer you:

Self-Plane	
Motivation to engage with different groups of people to explore own, individual self	Urge to bring logical and idealistic approach in life
Drive to provide innovative solutions to complex human problems	Zeal for individuality and objectivity
Drive for independence and seclusion	Motivation for humanitarian pursuits

You derive sense of self:

- From human welfare through group endeavors
- By seeking group affinities for social cause

You are passionate about:

- Creativity and self-expression - strong emphasis on children, politics, fame, theater, speculation, sports, etc.

1.2. MENTAL-PLANE

The Soil resources on this plane determine how you interpret and feel about everything you experience.

This plane represents that aspect of your existence which governs your emotions, thoughts, tendencies and attitudes. The Soil resources available to the mental-plane therefore play a key role in determining how you process all that you experience. The manifestation of the Soil on the mental-plane, like that on the self-plane, is not directly evident to others.

On this plane, the resources of your Soil offer you:

Mental-Plane	
Feel happy by getting in touch with higher self without leaving the human self	Need to be empathetic to the world
Tendency to be highly sensitivity towards all	Tendency to get easily impacted by criticism or rejection
Urge to escape from the world often creating dependency on unhealthy behavior or habits	Tendency to work selflessly

Mental-Plane	
Inherent inclination to pursue a path of liberation	

You gain emotional balance:

- By seeking a strong connection with the self through seclusion
- By pursuing things away from limelight

1.3. PHYSICAL-PLANE

The Soil resources on this plane determine how your physical body operates in conjunction with continuously evolving genes and the dynamic external environment.

As the name suggests, this plane represents the physical aspect of your existence. The manifestation of the Soil on this plane is evident to others though not entirely. The Soil resources available to this plane determine your physical attributes such as body structure, strength, vitality, etc.

On this plane, the resources of your Soil, in conjunction with the genes, bring you:

Physical-Plane	
Generally athletic build, muscular body	Large, pronounced forehead
Long and thin face that typically flush red	Prominent chin, nose and mouth
Sharp and intense eyes, often almond shaped	Generally birthmarks, scars, etc. on the face or head.

1.4. PRESENTATION-PLANE

The Soil resources on this plane determine what you project into the world and how you interact and conduct business with others.

This plane represents all that you project to the world. It's like your user interface (UI) or the screen of your computer or phone. In conjunction with the physical-plane, this plane plays a very important role in your day to day interaction with others in the world. Most people perceive you through these two somewhat visible planes - physical and presentation. Generally, only your immediate family members or close friends can learn about your existence to some extent on the planes of self and mental, whereas, anyone can learn about your existence on the other two planes of physical and presentation.

The Soil resources manifesting on the presentation-plane essentially determine how you express your gifts and talents, what roles you like to play in the ongoing drama of the world, and also how you experience things in the material world.

On this plane, the Soil resources provide you:

Presentation-Plane	
Provide bold, passionate, action-oriented approach towards interacting with the world	Abundant resources for expressing with dynamism and courage
Bring pride and often combativeness in dealing with the world	Support in becoming an independent thinker, a pioneer, and a leader
Bring strong appetite for regular physical movement	Bring competitiveness and assertiveness
Support in becoming very focused, enterprising, highly motivated	Bring scientific approach towards everyday things
Support strong inclination towards travel and adventure	Healthy, vibrant, few children

1.5. SOIL RESOURCES

This section of the Map outlines the Soil resources available for you to express your gifts and talents in the world.

Before we dive deeper to explore this important dimension of human existence, let's first put vocation and career pathways in perspective. For about 90% of our history, we humans were hunters! Only as recently as about 10,000 years ago, humans became agriculturists. And since then, we have been inventing numerous vocations in pursuit of serving fellow human beings by expressing our unique gifts and talents, and thereby earning economic, social and other tangible or intangible benefits.

The Soil resources available on all the three planes i.e. self, mental, and presentation, play an important role in determining what kind of pursuits provide us joy and fulfillment. In an ideal world, we should choose our career paths by combining our deep motivations and passions (the matters of self-plane), along with our innate tendencies and attitudes (matters of mental-plane), with our set of gifts and abilities for interacting with the world (matters of presentation-plane). But in the practical world we live in, we may choose to use different combinations of the Soil resources available across these three planes for personal pursuits, for altruistic or for professional pursuits.

However, among these three key planes, it's the Soil resources manifesting on the presentation-plane that guide us in determining what lines of contemporary vocation and career paths are best suited to express those resources for serving others. Because most vocations generally require our interaction with the world, directly or indirectly, and the Soil resources on the presentation-plane primarily govern that interaction. With that in mind, let's explore the Soil resources relevant to your career choices.

For vocational pursuit, the Soil resources offer you:

Soil Resources For Career

Soil Resources For Career	
Pioneer, passionate, ambitious, and high energy	Self-starter, adventurous and bold
High physical stamina, seeks continuous movement and action	Cherish independence, like to beat own drum
Penetrating, intense and sharp	Look for an opportunity to bring new beginnings
Scientific bend, brings philosophical ideas	Career provides a sense of worth and self-sacrifice

Your Soil resources map to the following career pathways and broad lines of vocation:

Matching Career Pathways	
Protective service (e.g., law enforcement police)	Defence and military services
Security	Firefighting
Etc.)	Professional sports (e.g., athletics, sports training, coaching, fitness, etc.)
Speculative investments (e.g., stock market, real estate, foreign exchange, trading, etc.)	Stem (e.g., scientific research, engineering, surgery, metal and mineral technology, etc.)
Marketing (e.g., advertisement, sales, marketing, promotions, public relations, etc.)	

As you evaluate the career paths that align with your Soil resources, it is important to recognize that we must process this information in conjunction with the characters and themes of the prevailing Seasons of our life journeys which is discussed in the next section. The unfolding Seasons and the different stages of our life journeys invariably bring shifts in our focuses and our interests for different professional and personal pursuits.

2. SEASONS

This section of your personalized Self Discovery Map reveals the character and the key themes of the definitive time periods or the Seasons of your life journey.

In the previous section, you learned about the Soil manifesting across key four planes of your human existence. This section on Seasons outlines the broad characters and key themes of different time periods of your life journey.

Seasons are the distinct rhythms offered by the universe to each life journey through the wheel of time. Simply put, Seasons are Soil in action. There are nine Seasons that unfold over one hundred twenty earth years with each Season having its definite time duration, distinct character, holding potential and opportunity for a wide variety of endeavors and worldly pursuits. Within each Season, there are nine Sub-Seasons that unfold in a sequence with each Sub-Season having its own character and distinct themes.

It's important to note that even though each Season has the same character for all human life journeys, it has a unique meaning and therefore presents a very personalized potential and opportunity for each individual primarily based on the Soil resources but also determined by other factors including the choices one makes.

It's like, the rainy season invariably brings water to all as that is the character of the rainy season. We get wet if we are in the open without any umbrella or raincoat. However, the rainy season holds a unique personalized meaning for a farmer, for a builder, and for an outdoor sports player. Also, as we learn about these Seasons, keep in mind that there are no good or bad Seasons. Based on their distinct character, Seasons merely provide broad opportunities and conditions that are conducive for certain pursuits and facilitate different kinds of life experiences.

This section of the Map lists the timelines of each Season of your life journey. You are going to learn about the character and key themes of each of those Seasons. However, the Map provides you greater details on the current Season of your life journey. You are also going to learn about the key themes and focus areas of the next nine Sub-Seasons unfolding within the prevailing Season. It is vital to recognize that the Sub-Seasons are subservient to the Season in which they exist. Since a Sub-Season unfolds within a Season, the characters and themes of the two blend beautifully together presenting a unique set of conditions for different pursuits. For example, rain happening within a winter season, has a character of both the winter season as well as the rainy 'sub-season'. That is why, the rainy 'sub-season' in the winter season may sometimes manifest in the form of hails or snow. Isn't the universe beautiful and amazing at the same time?
